The Department of Military & Veterans Affairs (DMVA) received a subgrant from the Department of Agriculture in the amount of \$100,000. These funds are provided to perform survey and control work or control training for spotted lanternfly (SLF) on Fort Indiantown Gap (FIG) and other DMVA managed lands that have high visitation, pose an increased risk for spread of SLF, or where SLF infestation poses a significant risk to the goals of DMVA land management. This will be completed through targeted pesticide application and removal of Ailanthus Altissima.

Memorandums of Understanding

Pursuant to the General Appropriations Act of 2019, DMVA was appropriated \$336,000 for fiscal year 2019-20 to disperse to the Disabled American Veterans, a nonprofit charity organization, for transportation. DMVA was not, however, granted the legal authority required to disperse this funding as grants to non-profit organizations. Therefore, the Department of Human Services agreed to facilitate the dispersal of this funding in the form of grants to eligible non-profit organizations on DMVA's behalf. Grant authority has been designated to DMVA in future fiscal years.
