Special Consideration:

The Kane Readiness Center was constructed in (circa) 1922 and is listed on the National Register of Historic Places. The commonwealth prefers that any conveyance of the Kane Readiness Center be under and subject to an historic preservation covenant approved by the Pennsylvania Historical and Museum Commission. The Kane Readiness Center should be maintained and preserved in accordance with the Secretary of the Interiors *Standards for the Treatment of Historic Properties*. Purchasing the property subject to an approved historic preservation covenant has several advantages. First, the commonwealth agrees that the Fair Market Value (FMV) of an armory sold subject to an historic preservation covenant is 20% less than the FMV without the covenant. Second, there may be federal tax incentives available to a purchaser

who rehabilitates the property in compliance with applicable standards. Contact the Pennsylvania Historical and Museum Commission for additional information (www.phmc.state.pa.us). Third, the purchaser will have the satisfaction of contributing to the preservation of a part of Pennsylvania's history.

Proposed Action:

Working by and through the Pennsylvania Department of General Services, the Department of Military and Veterans Affairs (DMVA) is actively seeking to dispose of the Kane Readiness Center. Conveyances of commonwealth owned readiness centers must be approved by the Pennsylvania General Assembly and the Governor. The commonwealth intends to sell this property for Fair Market Value (FMV) as determined by an independent appraisal. The facility is currently in the process of being appraised.
