

The Pennsylvania Military Family Relief Assistance Program (MFRAP) provides financial assistance, in the form of grants, to eligible Pennsylvania service members and their eligible family members. Eligible members must have a direct and immediate financial need as a result of circumstances beyond their control.

What kind of immediate financial need would qualify me for a grant?

Such financial need may arise from:

- A sudden or unexpected loss of income, real or personal property, assets or support, directly related to military service or, exigent circumstances affecting the service member.
- Natural or man-made disasters resulting in a need for food, shelter or other necessities.
- Emergency need for child care for which the applicant lacks financial resources.
- The death or critical illness of a parent, spouse, sibling or child resulting in immediate need for travel, lodging or subsistence for which the applicant lacks financial resources.

MFRAP grants can help with things like food, housing, child care, utilities, medical prescriptions, medical services, insurance, and vehicle payments to name a few.

MFRAP grants will not help pay for nonessentials, finance ordinary leave or vacation, pay fines or legal expenses, assist with home purchase or improvements, or

help to purchase, rent or lease a vehicle. Applicants for grants will be asked for information to verify their financial need. Eligibility for grants will be determined under guidelines published by the PA Department of Military and Veterans Affairs. Please understand that assistance is solely for those in need and each request is based on a case-by-case situation.
