☐ Reducing Veteran Homelessness

Joint Committee met via webinar on 9/4 and 11/6

Workgroups have been developed to focus on the following areas and are charged with meeting routinely in order to provide updates to the joint committee

- Transitional Housing
- Cross-system Collaboration and Resource Inventory
- Adult Day and LIFE programs

Reducing Veteran Homelessness

Workgroup members:

Kelly Tuteurice, Belinda Albright, Angela Smoyer, Julie Seby, Uyen Nguyen, Beth Gerber, Susan Cree, Samantha Cossman

Cross-system Collaboration and Resource Inventory Workgroup

Vision statement: Foster current and new cross system collaborations that can inform the causes of and solutions to Veteran homelessness across the lifespan while helping to expand and promote up-to-date resource inventories.

Current Project: Assemble a directory of key statewide resources for homeless veterans

Phase 1: For each county in PA, outline the following resources:

- County Director of Veterans Affairs office
- Coordinated Entry system contact information (for general access to homeless services in county)
- Contact information for any/all SSVF (Supportive Services for Veteran Families) programs operating in the county
- VA Homeless Services point of contact for the VA medical center/s serving veterans in the county
- National Call Center for Homeless Veterans
- PAhousingsearch.com website

Phase 2: Look at potential of adding in regional/localized resources for counties that have them

☐ Reducing Veteran Homelessness

Transitional Housing Workgroup

Workgroup members:

Michael Wehrer, Ben Laudermilch,
Madra Clay, Tom Peters

Tentative Vision statement: Use transitional housing as a short-term bridge to permanent housing. Service-intensive transitional housing is only offered to those Veterans who have indicated a preference for it prior to moving to a permanent housing destination.

Current Project: Shorten time in transitional housing; identify new resources for permanent housing. These conversations are just beginning.

Next Steps: Gauge VA central office support for shifting to permanent housing including rapid rehousing.

- Create community asset map of all homeless programs serving veterans (emergency, transitional and permanent) in PA.
 - Measure average length of stay; Measure services used; Measure number times veterans are offered permanent housing; Delineate between types of transitional housing being offered to veterans; Measure demand for permanent supportive housing

Successes/Challenges: VA expectation of full utilization of transitional beds (grant per diem); Are privately funded transitional housing providers adhering to the housing first model?

Brought on Tom Peters of Veterans Multi-Service Center as new workgroup member

Reducing Veteran Homelessness

Adult Day / LIFE Workgroup

Workgroup members:

Brian Natali, Sharon Coyle,
Ed Beck, Tom Applebach,
Kevin Longenecker, Dowel Lomax,
James Fearn

Recent meeting between DMVA and OLTL (DHS) about LIFE

DMVA seeking to more fully understand the LIFE program, including all costs and products/services included

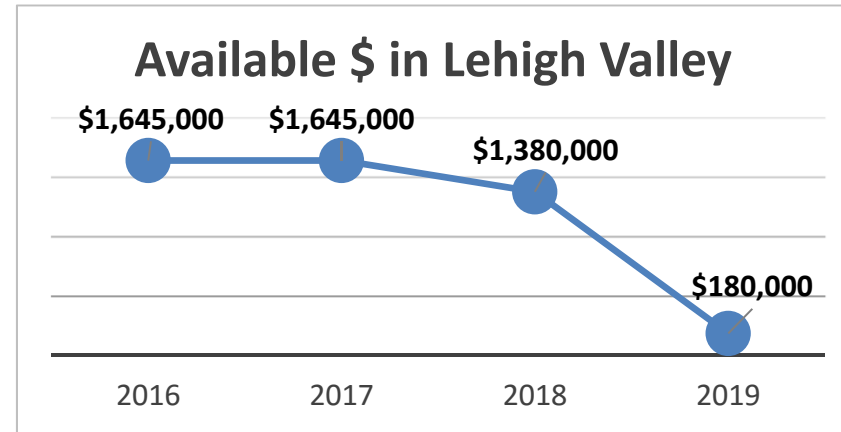

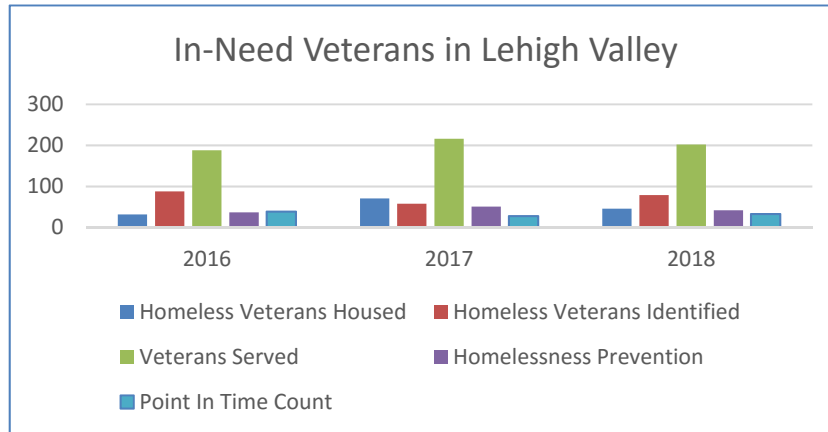

DMVA trying to tour and speak with all LIFE locations in PA

Each LIFE program is a little bit different, offers something slightly different

Ensure that veterans are well-educated consumers about the care program they select

Ensure veterans are maximizing the VA benefits that they earned and deserve, but understand that the VA cannot serve every veteran due to eligibility criteria - LIFE may be an alternate option for some to receive the care they need in community

☐ Reducing Veteran Homelessness

Loss of VA-SSVF Funding to the Lehigh Valley

- In-Need/Homeless Veterans in LV has generally held steady
- VA funding reduction: ~90% in three years; Loss of two providers (one remaining)
- Funding requests underway in counties, cities and municipalities. Requests were made prior to notification of \$1.2M cut for FFY19.
- Request being prepared for PA General Fund support and also to foundations and trusts
- Can GAC-VS support annual funding request for LV?
- Suggestions?

Fairweather Lodge Updates

Venango County – Funded by OMHSAS for this SFY

One member moved out and one member was asked to leave.

One Veteran opened a bicycle repair shop using the shed space on the property

The Lodge Coordinator is raising \$ for new windows and a roof repair.

Erie County (x2) - Funded under the Money Follows the Person (MFP) concept

Several referrals that did not work out

The two lodges have a census of 6 Veterans and 2 vacancies at this time

All 6 Veterans have jobs

Cumberland/Perry (Newville) – Funded by OMHSAS this SFY

Nothing Significant to Report

We are seeing a number of housing options being opened by county and community Partners. These housing options usually target a specialty population. The new SOR grant Funding that the commonwealth is receiving will focus on persons with addiction challenges

Joel Mutschler, Director for the Bureau of Programs, Initiatives, Reintegration and Outreach will be the alternate.

Community Centered Behavioral Health Clinics

Dr. Darryl Jackson, Chief Medical Officer and SA Hamp represent the Department of Military and Veterans Affairs on the CCBHC steering committee. Veterans are being tracked as a priority population during intake and we are starting to track some data that should help us with basic information on emerging Veterans needs.

Mental Health First Aid – Nothing significant to report

We continue to build partnerships with community organizations that are able to provide services to our Veterans with behavioral health challenges and co-occurring conditions such as Substance Use Disorders.

Mental and Behavioral Health

Service Member, Veterans and their Families Wellness Initiatives – We continue our efforts to leverage new and innovative partnerships and programs to help keep our service families well while remaining agile and flexible when responding to crisis situations. Information is power in this initiative and we continue our efforts to become subject matter experts in this information sharing arena.

Mental Health First Aid – We have not been able to leverage and specific funding to support Mental Health First Aid for Veterans and their families during this State Fiscal Year (SFY). We are sharing many training opportunities that are hosted by community partners throughout the commonwealth. We have seen an increase in these training and awareness opportunities.

Regional Outreach Initiative – DMVA is moving forward with its Regional Outreach Initiative. We will focus on being the information broker for resources that include local, regional, state, and federal partners to include community partners and Veteran Service Organizations.

Veteran Homelessness – Homelessness among our military and veteran population continues to be a challenge. We are tracking a number of initiatives by sister Departments and agencies that are aimed at helping us address this area of concern. Pennsylvania continues to receive significant funding from the Supportive Services for Veterans and their Families (SSVF) program. Providers are changing but the resources remain stable to address this challenge within the commonwealth.

Joel Mutschler, Director for the Bureau of Programs, Initiatives, Reintegration and Outreach will represent DMVA on this group. Rick Hamp, Special Assistant to the Deputy Adjutant General for Veterans Affairs will be the alternate

Opioid Use Disorder Warm Hand-Off v2.0

Housing: Pennsylvania is the recipient of a \$15 Million dollar grant program that will fund 8 pilot projects in urban and rural communities throughout the Commonwealth. This program is designed to help individuals with OUD to become and remain engaged in evidence-based treatment interventions while providing them with the necessary supportive services to maintain housing stability. Veterans remain a priority population in this initiative.

Veterans in Crisis Outreach: \$350,000 in funding requested by the Department of Military and Veterans Affairs will be utilized to support the development of regional programs focused on the education, prevention or identification of Opioid Use Disorder for Pennsylvania Veterans, their families or caregivers. The program will provide identification of resources available for referral and will include a collaborative effort that leverages local, state and federal government partners, our Veteran Service Organizations and other service provider across the Commonwealth.

Veteran Service Officer Awareness Training: \$50,000 in funding requested by the Department of Military and Veterans Affairs will be utilized to provide training to our Veteran Service Officers on the Opioid Crisis and our Warm Hand Off protocols.

PA Media Group Visits SCI Mercer's Veterans Service Unit

Videographers from PA Media Group out of Mechanicsburg visited SCI Mercer's Veterans Service Unit (VSU) to film and take photos for their upcoming documentary, "100 Years of Heroes." The final product was aired via PennLive.com on Veterans Day. This project commemorated the 100th anniversary of Armistice Day (Veterans Day) and highlighted stories as told by Pennsylvania veterans. As part of the documentary, this project featured DOC's Statewide Veterans Coordinator and GAC-VS Chair, Ryan Yoder (USMC) and his work with incarcerated veterans within the PA Department of Corrections. Salim Michel Makhoulf, Emmy Award-winning director at PA Media Group, and Mark Pynes, videographer/ photographer, took photos and video footage during the visit. Several inmate veterans were interviewed by the videographers, and they were asked what the veterans program means to them, how the program has helped them adapt while incarcerated, and how it will help them to prepare for reentry to their communities upon release. The VSU's Honor Guard presented and retired the colors. Makhoulf stated that the documentary includes interviews with veterans from all over Pennsylvania, including a few veterans in their 90's. The documentary entitled, "Freedom Lost: Leave No Veteran Behind" can be seen on PennLive's website via www.100yearsofheroes.com
